

LEADTOOLS POCKET PC SOFTWARE LICENSE AGREEMENT

IMPORTANT

LEAD TECHNOLOGIES, INC. IS WILLING TO LICENSE THE ENCLOSED SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THE LICENSE AGREEMENT PRINTED BELOW. PLEASE READ THE TERMS CAREFULLY BEFORE OPENING THE PACKAGE CONTAINING THE DISKETTE(S)/CD-R(S) OR CLICKING THE ACCEPT BUTTON DURING INSTALLATION, AS SUCH CONDUCT INDICATES YOUR ACCEPTANCE TO ALL OF THE TERMS OF THIS LICENSE AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS, LEAD TECHNOLOGIES, INC. IS UNWILLING TO LICENSE THE SOFTWARE TO YOU, IN WHICH CASE YOU MUST IMMEDIATELY RETURN THE PACKAGE AND ALL ACCOMPANYING MATERIAL TO LEAD TECHNOLOGIES, INC. OR YOUR AUTHORIZED DEALER FOR A FULL REFUND. IF THE SOFTWARE YOU HAVE DOWNLOADED IS OFFERED AS "DOWNLOAD ONLY", YOU HAVE BEEN REQUIRED TO ACCEPT THIS LICENSE AGREEMENT PRIOR TO DOWNLOADING THE SOFTWARE. LEAD DOES NOT PROVIDE REFUNDS FOR SOFTWARE OFFERED AS "DOWNLOAD ONLY".

This License Agreement ("Agreement") is a legal agreement between LEAD Technologies, Inc. ("LEAD"), a North Carolina corporation, principally located in Charlotte, North Carolina, and you, the user ("Licensee"), and is effective the date Licensee opens the package containing the diskette(s)/CD-R(s) or otherwise uses the enclosed software product.

This Agreement covers all materials associated with the enclosed software development toolkit product known as LEADTOOLS Imaging Library for Pocket PC (herein, the "Software").

1. GRANT OF DEVELOPMENT LICENSE

LEAD grants Licensee a non-exclusive, non-transferable, worldwide license for one (1) programmer to install the Software on a single personal computer and use the Software and one copy of the associated user documentation contained in the accompanying user manual, "online" help and Acrobat files ("Documentation") in the development of one (1) end user application as contemplated in section 2 below (herein, the "Application Software"). If additional programming seats are needed, Licensee should contact LEAD for discounted license pricing. The license granted hereunder applies only to the designated version of the enclosed Software. If the Software is an upgrade or cross grade, it, and the product that was upgraded/cross graded constitute a single copy of the Software for purposes hereof and the new version and product that was upgraded/cross graded cannot be used by two people at the same time. The Software may include (i) statically linkable libraries, dynamically linkable libraries and/or COM components that can be linked with, integrated into and otherwise compiled into an executable program comprising the Application Software, which, in turn, may be distributed and deployed in accordance with section 3 hereof.

2. SINGLE END USER APPLICATION

The Application Software developed by Licensee must be an "end user application" for installation and use on a device running the Windows Pocket PC operating system. An "end user application" is a specific application program that is licensed to a person or firm for business or personal use and not with a view toward redistributing the application or any part of the application, and may be either an application that is used by Licensee's organization internally, or an application that is commercially distributed to end users for their use. A user of an end user application may not modify or redistribute the application and may not copy it (other than for archival purposes). Only one (1) end user application may be developed under this license. If Licensee wishes to develop more than one application, it must license an additional copy of Software for each additional application developed. If additional application licenses are needed, Licensee should contact LEAD for discounted license pricing. For purposes hereof, upgrades and updates to Licensee's end user application are not considered additional end user applications requiring additional licensing. The license rights hereunder do not apply to development and deployment of software products or services such as "web services", ActiveX controls, browser plug-ins, web browsers, authoring tools, development toolkits, compilers, operating systems or any other software not falling within the definition of an end user application. If Licensee wishes to develop a product outside the scope of this license, Licensee should contact LEAD's OEM sales department to see if a special license is available.

3. DISTRIBUTION AND DEPLOYMENT OF THE APPLICATION SOFTWARE.

Licensee may deploy the Application Software on computers owned or controlled by Licensee and/or may commercially distribute the Application Software to end

users directly and through customary reseller and distribution channels, provided a runtime license is purchased for each Deployment of Application Software. For purposes hereof, a "Deployment of Application Software" shall mean any and all copies of the Application Software installed, used, distributed, leased, or sold by Licensee and any of its customers, employees, distributors, resellers, affiliates or other channel partners. If the Application Software is installed on a server or network by Licensee or its customers, the number of Deployments that must be counted and the number of runtime licenses that must be purchased hereunder will be the number of computers that are permitted access to the Application Software via the network or server. One hundred (100) runtime licenses are included with Licensee's purchase of the development license referred to in section 1 hereof. If Licensee makes more than 100 Deployments of the Application Software, Licensee will be required to purchase additional runtime licenses by contacting LEAD's OEM department at oesales@leadtools.com. Licensee agrees to maintain full, clear and accurate records as to all Deployments of the Application Software and will promptly complete and return Deployment Reports that are mailed to Licensee by LEAD periodically for the purpose of accounting to LEAD the number of Deployments of Application Software that have been made. LEAD shall have the right, no more than once during any calendar year, to have an independent certified public accountant or other disinterested third party inspect the relevant records of Licensee, upon thirty (30) business days notice and during regular business hours, for the purpose of verifying the number of Deployments of Application Software have been made by Licensee and its channel partners.

4. OTHER RESTRICTIONS

The licenses granted under this Agreement are expressly conditioned upon Licensee's compliance with all the terms and conditions of this Agreement. Licensee may not use, copy, rent, lease, sell, sublicense, assign or otherwise transfer the Software except as expressly provided for in this Agreement. Licensee may make a reasonable number of archival copies of the Software. Licensee acknowledges that the Software, in source code form, remains a confidential trade secret of LEAD and/or its suppliers and therefore Licensee agrees that it shall not modify, decompile, disassemble or reverse engineer the Software or attempt to do so, except as permitted by applicable legislation. Licensee agrees to refrain from disclosing the Software (and to take reasonable measures with its employees to ensure they do not disclose the Software) to any person, firm or entity except as expressly permitted herein. Licensee's license to copy, distribute or deploy the Application Software is further subject to the following terms and conditions: (a) Licensee must first register its licensed copy of the Software with LEAD, (b) the Application Software must be in compiled executable object code form only, (c) the Application Software may not reproduce or contain any of the Software Documentation or any other material that identifies the programmatic interface to the callable routines in the Software or permits any of the Application Software to be linked or compiled with other programs, and (d) the Application Software must be subject to an end user license agreement that (i) prohibits the end user from copying (other than for back up purposes), redistributing, renting, sublicensing or otherwise alienating the Application Software and (ii) prohibits modification, creation of derivative works, reverse engineering, disassembling or decompiling the Application Software, or any portion thereof. Upon LEAD's request, Licensee agrees to send LEAD one demonstration copy of the Application Software. Any distributor or reseller of Application Software appointed by Licensee must be subject to a binding agreement that includes provisions no less protective of LEAD's intellectual property rights in the Software as it is protective of Licensee's rights in its own software. If Licensee wishes to use the Software in a manner not expressly permitted by this Agreement, Licensee should contact LEAD's OEM department to determine whether a special license may be obtained. If the enclosed Software is packaged "For Evaluation Only," no right to duplicate and/or distribute the Application Software is granted.

5. PROPRIETARY RIGHTS; COPYRIGHT NOTICE

Except for the limited license granted herein, LEAD and its suppliers retain exclusive ownership of all proprietary rights (including all ownership rights, title, and interest) in and to the Software and Documentation and all associated intellectual property rights thereto. Licensee agrees not to represent that LEAD is affiliated with or approves of Licensee's Application Software in any way. Except as required hereby, Licensee shall not use LEAD's name, trademarks, or any LEAD designation in association with Licensee's Application Software. The Application Software must contain the following copyright and patent notices in the "About box" or user manual: "Portions of this product were created using LEADTOOLS ©1991-2003, LEAD Technologies, Inc. ALL RIGHTS RESERVED. Portions of this product are licensed under US patent 5,327,254 and foreign counterparts."

6. EXPORT LAW

Licensee acknowledges and agrees that the Software and Application Software

may be subject to restrictions and controls imposed by the United States Export Administration Act, as amended (the "ACT"), and the regulations thereunder. Licensee agrees and certifies that neither the Software nor any direct product thereof (e.g. the Application Software) is being or will be acquired, shipped, transferred or reexported, directly or indirectly, into any country prohibited by the ACT and the regulations thereunder or will be used for any purpose prohibited by the same. Licensee acknowledges that the Software may include "technical data" subject to export and re-export restrictions imposed by U.S. law. Licensee bears all responsibility for export law compliance and will indemnify LEAD against all claims based on Licensee's exporting of the Application Software.

7. U.S. GOVERNMENT RESTRICTED RIGHTS LEGEND

Use, duplication or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 and FAR 52.227-19, as applicable. Manufacturer/Contractor is LEAD Technologies, Inc., 1201 Greenwood Cliff, Suite 400, Charlotte, NC 28204.

8. TERM

The license granted hereby is effective until terminated. Licensee may terminate the license by returning the Software and Documentation to LEAD, without refund, and destroying all copies thereof in any form. LEAD may terminate the licenses if Licensee fails to comply with any term or condition of this Agreement. Upon such termination, Licensee shall cease using the Software and cease using or distributing the Application Software containing the Redistributables. All restrictions prohibiting Licensee's use of the Software and intellectual property provisions relating to Software running to the benefit of LEAD will survive termination of the license pursuant hereto. Termination will not affect properly granted end user licenses of the Application Software distributed by Licensee prior to termination.

9. EXCLUSION OF WARRANTIES

LICENSEE HAS HAD FULL OPPORTUNITY TO EVALUATE AND TEST THE SOFTWARE TO DETERMINE IF IT MEETS LICENSEE'S REQUIREMENTS. ACCORDINGLY, SOFTWARE IS PROVIDED "AS IS AND LEAD MAKES NO PERFORMANCE WARRANTY OR OTHER WARRANTY OF ANY KIND, WHATSOEVER, AND LICENSEE ACKNOWLEDGES THAT NO REPRESENTATIONS OF ANY KIND HAVE BEEN MADE CONCERNING THE SOFTWARE ON WHICH LICENSEE IS RELYING IN ENTERING INTO THIS AGREEMENT AND LICENSING THE SOFTWARE.

NOT ALL JURISDICTIONS ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, AND THUS THE FOREGOING LIMITATION MAY NOT APPLY TO LICENSEE.

10. INDEMNIFICATION

In the event that a claim is filed in a court of competent jurisdiction alleging that the Software used within the scope of the license granted hereunder directly infringes any copyright or trade secret of any third party ("Infringement Action"), LEAD shall indemnify, defend and hold Licensee harmless from and against such Infringement Action and any and all costs, damages, penalties and expenses, including reasonable attorneys' fees, finally resulting from or awarded in actions attributable to such claim, provided that (a) Licensee promptly notifies LEAD in writing of the existence of such Infringement Action when Licensee becomes aware of such Infringement Action, (b) LEAD has control of the defense of such Infringement Action and all related settlement negotiations, and (c) Licensee provides all reasonable assistance and cooperation in such defense. In the event of an infringement claim for which LEAD is obligated to indemnify Licensee, LEAD may, at its sole discretion, (i) obtain a license that allows Licensee to continue using the Software, or (ii) replace or modify the Software so as to be non-infringing in a manner that does not materially affect its functionality. The foregoing represents LEAD's sole responsibility to Licensee in the event of a third party infringement claim of any kind, and it is agreed that LEAD will have no responsibility or liability whatsoever in connection with any third party patent claims.

Licensee is fully responsible for the marketing, sale, support, installation, and distribution of the Application Software to Licensee's customers. Licensee will indemnify and hold LEAD harmless from and against all liability, loss, cost, damage or expense, including reasonable attorneys fees, arising from Licensee's distribution of the Application Software, including any claims made by Licensee's customers or other third parties.

11. LICENSEE'S REMEDIES: LIMITATIONS

IN NO EVENT SHALL LEAD BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT OR THE USE OF THE SOFTWARE, REGARDLESS OF WHETHER LEAD HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL LEAD'S AGGREGATE LIABILITY UNDER THIS AGREEMENT EXCEED AMOUNTS PAID TO LEAD BY LICENSEE UNDER THE TERMS OF THIS AGREEMENT. LICENSEE UNDERSTANDS AND AGREES THAT THE FOREGOING LIABILITY LIMITATIONS ARE ESSENTIAL ELEMENTS OF THIS AGREEMENT AND THAT IN THE ABSENCE OF SUCH LIMITATIONS THE MATERIAL AND ECONOMIC TERMS OF THIS AGREEMENT WOULD BE SUBSTANTIALLY DIFFERENT. NOT ALL JURISDICTIONS ALLOW LIMITATIONS OF LIABILITY, AND THUS THE FOREGOING LIMITATION MAY NOT APPLY TO LICENSEE.
