1. GRANT OF DEVELOPMENT LICENSE

LEAD grants Licensee a non-exclusive, non-transferable, worldwide license for one (1) programmer to install the Software on a single personal computer and use the Software and one copy of the associated user documentation contained in the accompanying user manual, "online" help and Acrobat files ("Documentation") in the development of one (1) end user application as contemplated in section 2 below (herein, the "Application Software"). If additional programming seats are needed, Licensee should contact LEAD for discounted license pricing. The license granted hereunder applies only to the designated version of the enclosed Software. If the Software is an upgrade or cross grade, it, and the product that was upgraded/cross graded constitute a single copy of the Software for purposes hereof and the new version and product that was upgraded/cross graded cannot be used by two people at the same time.

2. SINGLE END USER APPLICATION

The Application Software developed by Licensee must be an "end user application." An "end user application" is a specific application program that is licensed to a person or firm for business or personal use and not with a view toward redistributing the application or any part of the application, and may be either an application that is used by Licensee internally, or an application that is commercially distributed to end users for their use. A user of an end user application may not modify or redistribute the application and may not copy it (other than for archival purposes). Licensee's license agreement covering the Application Software must contain restrictions prohibiting redistribution, modification and copying of the Application Software. Only one (1) end user application may be developed under this license. **If Licensee wishes to develop more than one application, it must license an additional copy of Software for each additional application developed.** If additional application licenses are needed, Licensee should contact LEAD for discounted license pricing. For purposes hereof, upgrades and updates to Licensee's end user application are not considered additional end user applications requiring additional licensing. **The license rights hereunder do not apply to development and deployment of software products or services such as "web services", ActiveX controls, browser plug-ins, web browsers, authoring tools, development toolkits, compilers, operating systems or any other software not falling within the definition of an end user application.** If Licensee wishes to develop a product outside the scope of this license, Licensee should contact LEAD's OEM sales department to see if a special license is available.

3. GRANT OF DUPLICATION AND DISTRIBUTION LICENSE

The Software includes certain runtime libraries and files intended for duplication and distribution by Licensee within the Application Software to the user of Application Software ("Redistributables"). The Redistributable components of the Software are those files specifically designated as being distributable in the "Files to be Included with Your Application" section of the Online Help file, the terms of which are hereby incorporated herein by reference. Licensee should refer to the Documentation and specifically the "Online Help" file for additional information regarding the Redistributables. Under LEAD's copyright, and subject to all the restrictions and conditions set forth in this Agreement and the Documentation, LEAD hereby grants Licensee (and only Licensee) a non-exclusive, non-transferable, worldwide license to reproduce exact copies of the Redistributables and include such files in the Application Software, and to deploy the Application Software internally and/or distribute the Application Software, directly or through customary distribution channels, to end users on a royalty free basis. **(The foregoing sentence does not apply if Licensee has licensed LEADTOOLS**

Document Imaging, LEADTOOLS Document Imaging Suite, LEADTOOLS Medical Imaging, LEADTOOLS Medical Imaging Suite, LEADTOOLS DVD Imager SDK, LEADTOOLS Video Conferencing SDK, LEADTOOLS Video On Demand SDK, LEADTOOLS CMW Plug In, LEADTOOLS OCR Module, LEADTOOLS OMR Module, LEADTOOLS ICR Module, LEADTOOLS PDF Plug Ins, LEADTOOLS PDF OCR Plug In, LEADTOOLS Advanced PDF Compressor Plug In, LEADTOOLS ABIC Plug Ins, LEADTOOLS JBIG2 Plug In, LEADTOOLS Advanced Bitonal Compression Plug In LEADTOOLS Mobile Imaging Advanced Features or LEADTOOLS Barcode Module. These products require additional run time licensing based on use/distribution of the Application Software: see Section 4, “Duplication and Distribution of Royalty Bearing Versions” below.) If Licensee wishes to use an OEM who will modify the Application Software and copy it, Licensee must first obtain an OEM distribution license from LEAD or must require the OEM to obtain a license from LEAD. **Duplication or Redistribution of the Application Software, or any portion thereof, by the users of the Application Software, without a separate written redistribution license from LEAD, is prohibited.** If the enclosed Software has certain modules or components that are marked as “for evaluation”, no right to copy and/or distribute the such modules or components is granted. No rights to copy or redistribute the Application Software are granted until such time as Licensee has properly registered the Software with LEAD and otherwise complied with this Agreement.

4. DUPLICATION AND DISTRIBUTION OF ROYALTY BEARING VERSIONS

If the enclosed Software is LEADTOOLS Document Imaging, LEADTOOLS Document Imaging Suite, LEADTOOLS Medical Imaging, LEADTOOLS Medical Imaging Suite, LEADTOOLS DVD Imager SDK, LEADTOOLS Video Conferencing SDK, LEADTOOLS Video On Demand SDK, LEADTOOLS Barcode Modules, LEADTOOLS OCR Module, LEADTOOLS OMR Module, LEADTOOLS ICR Module, LEADTOOLS CMW Plug In., LEADTOOLS PDF Plug Ins, LEADTOOLS Advanced PDF Compressor Plug In, LEADTOOLS ABIC Plug Ins, LEADTOOLS JBIG2 Plug In, LEADTOOLS Advanced Bitonal Compression Plug In LEADTOOLS Mobile Imaging Advanced Features or LEADTOOLS PDF OCR Plug In (collectively “Royalty Bearing Versions”) Licensee is required to enter into a separate duplication and distribution license prior to deployment of the Application Software. No duplication or distribution rights are granted hereunder with respect to the Royalty Bearing Versions.

Licensee may only directly access the .DLL file(s) if Licensee has a license in good standing for a LEADTOOLS product with an API such as LEADTOOLS Raster Imaging Pro and LEADTOOLS Vector Imaging Pro. Any distributor or reseller of Application Software appointed by Licensee must be subject to a binding agreement that includes provisions no less protective of LEAD’s intellectual property rights in the Software as it is protective of Licensee’s rights in its own software. Licensee acknowledges that the Software, in source code form, remains a confidential trade secret of LEAD and/or its suppliers and therefore Licensee agrees that it shall not modify, decompile, disassemble or reverse engineer the Software or attempt to do so except as permitted by applicable legislation. Licensee agrees to refrain from disclosing the Software (and to take reasonable measures with its employees to ensure they do not disclose the Software) to any person, firm or entity except as expressly permitted herein. Specifically, Licensee will not disclose or publish any unlock codes or instruction sets provided by LEAD relating to the Software. Licensee may not use the Software to develop an application that directly or indirectly utilizes LEAD’s Redistributables existing in another application that has been developed by Licensee or some third party. If Licensee wishes to use the Software in a manner prohibited by this Agreement, Licensee should contact LEAD’s OEM department to determine whether a special license may be obtained.

The foregoing represents LEAD's sole responsibility to Licensee in the event of a third party infringement claim of any kind, and it is agreed that LEAD will have no responsibility or liability whatsoever in connection with any third party patent claims.

Licensee is fully responsible for the marketing, sale, support, installation, and distribution of the Application Software to Licensee's customers.
