

LEADTOOLS Imaging Library for Pocket PC **Runtime Licensing Schedule**

LEADTOOLS Imaging Library for Pocket PC (“LEAD SDK”) requires runtime licensing based on your use/deployment of the end user application you develop using the LEAD SDK (“Application Software”). LEAD offers a variety of licensing models designed to allow our customers the flexibility to make their Pocket PC software endeavors as successful as possible. If none of LEAD’s licensing models satisfy your requirements, we work with you to develop a licensing program that will fit into your business model. Contact oesales@leadtools.com to further discuss licensing options.

Option 1 - Per Copy Pricing Model

The basic licensing model for the LEAD SDK requires that a runtime license be required for each “Deployment” of the Application Software developed with the LEAD SDK. A “Deployment” of Application Software includes: (i) each copy of the Application Software installed by customer for internal use and (ii) each copy of the Application Software distributed to third parties by customer and its resellers/distributors. **The cost of additional runtime licenses is \$10.00 per copy.** Customers also have the option of purchasing runtime licenses in **prepaid** quantity blocks:

<u>Quantity Prepaid</u>	<u>Price Per Copy</u>	<u>Prepayment</u>
100+	7.95	795.00
250+	5.00	1,250.00
500+	4.00	2,000.00
1,000+	3.50	3,500.00
2,500+	3.00	7,500.00
5,000+	2.50	12,500.00
10,000+	2.00	20,000.00
25,000+	1.00	25,000.00

With this model, the customer completes a quarterly deployment report and sends it to LEAD on a calendar quarterly basis.

Option 2 - Quantity Unlimited Licenses

Quantity unlimited licenses are available for single and multi-year license terms. With a quantity unlimited license, a customer may deploy or distribute an unlimited quantity of copies of the Application Software and will not be required to purchase or report on a per user/per copy basis.

<u>Term</u>	<u>License Fee</u>	<u>Renewal Fee for Additional Year</u>
1 year	\$30,000.00	\$30,000.00
2 years	45,000.00	22,500.00
3 years	60,000.00	20,000.00
5 years	75,000.00	15,000.00

Quantity unlimited licenses are based limited to a single customer product family. If customer has multiple product lines, a license is required for each product line.
